VOLUME CONTENTS

VOLUME 8, NO. 1 — JAN 1994

N. HILDEBRANDT — 1 — The Reicher–Wheeler effect and models of deep and phonological dyslexia

G. VIGLIOCCO, B. BUTTERWORTH, C. SEMENZA and S. FOSSELLA — 19 — How two aphasic speakers construct subject–verb agreement

M. HITTMAIR-DELAZER, B. ANDREE, C. SEMENZA, R. DE BLESER and T. BENKE — 27 — Naming by German compounds

J. TESAK — 43 — Cognitive load and the processing of grammatical items

G. LIBBEN — 49 — The role of hierarchical morphological structure: a case study

U. HADAR and S. YADLIN-GEDASSY — 57 — Conceptual and lexical aspects of gesture: evidence from aphasia

O. JUNCOS-RABADÁN — 67 — The assessment of bilingualism in normal aging with the bilingual aphasia test

F. PULVERMÜLLER and H. PREIßL — 75 — Explaining aphasias in neuronal terms

VOLUME 8, NO. 2 — APR 1994

E. KEHAYIA and G. JAREMA — 83 — Morphological priming (*or prim#ing?*) of inflected verb forms: a comparative study

N. O'CONNOR, N. SMITH, C. FRITH and I.-M. TSIMPLI — 95 — Neuropsychology and linguistic talent

M. GOPNIK — 109 — Impairments of tense in a familial language disorder

C. CODE — 135 — Speech automatism production in aphasia

A. BASSO and M. CORNO — 149 — Semantic errors in transcoding tasks in a shallow orthography: a retrospective study on 502 Italian vascular patients

BOOK REVIEW

M. R. GITTERMAN and L. F. SIES — 157 — Review of *Psycholinguistic Implications for Linguistic Relativity: A Case Study of Chinese*, by Rumjahn Hoosain

VOLUME 8, NO. 3 JUL 1994

L. BUCHANAN, N. HILDEBRANDT and G. E. MACKINNON 163 Phonological processing of nonwords by a deep dyslexic patient: a rowse is implicitly a rose

O. JUNCOS-RABADÁN and F. J. IGLESIAS 183 Decline in the elderly's language: evidence from cross-linguistic data

H. L. GEYER and M. GROSSMAN 191 Investigating the basis for the sentence comprehension deficit in Parkinson's disease

J. B. LETHLEAN and B. E. MURDOCH 207 Naming errors in multiple sclerosis: support for a combined semantic/perceptual deficit

D. F. BOATMAN, R. P. LESSER, C. B. HALL and B. GORDON 225 Auditory perception of segmental features: a functional–neuroanatomic study

---

VOLUME 8, NO. 4 OCT 1994

M. S. HOUGH, S. DEMARCO and D. FARLER 235 Phonemic retrieval in conduction aphasia and Broca's aphasia with apraxia of speech: underlying processes

R. BASTIAANSE, D. GILBERS and K. VAN DER LINDE 247 Sonority substitutions in Broca's and conduction aphasia

C. CODE and M. J. BALL 257 Syllabification in aphasic recurring utterances: contributions of sonority theory

S. E. KOHN and K. L. SMITH 267 Evolution of impaired access to the phonological lexicon

J. C. MARSHALL and J. M. GURD 289 Franz Joseph Gall: genius or charlatan?

M. H. KAUFMAN and J. P. SHAW 295 Some interesting portraits from the history of phrenology which were probably used to illustrate lectures on physiognomy
